

## FRx Consulting & Training Solutions

[Home Page]FRx Training & Consulting Traditional Instructor Led Classes - held every month in 13 different cities in the United States. We understand your busy schedule and offer several training options to fit your needs:

- On-Site Training - we will come to you and provide training in your environment
- WebClass - Live! - a virtual classroom with the exact same curricula as in the traditional classes
- Bootcamp Programs - get the biggest bang for your training dollars with a hybrid of Training and Consulting
- Instant Support - we have consultants available for Report Design Questions

Traditional Instructor Led Classes:

On-Site Training for Essentials 1, 2, and/or Express 2 combo of both

- Onsite Training for Essential per day charge
- Training Material \$ 200.00 (5 or more discount \$25 per book)

Plus All Expenses which include Hotel, Air, Car, Provisions, Shipping, Taxes, which generally run approx 15% to 18% of the total project depending on the areas of access)

Optional mobile training center with laptops and projector for rent ask for details and pricing

A class can be no larger than 12 students per instructor, if you need more than 12 students we can supply more than one instructor.

### FRx "Bootcamp" Program

This program is designed for companies who need assistance with "getting started" with their FRx software. Our goal is to help you to take full advantage of FRx's functionalities through training and consulting.

Our program starts off with a review of the FRx program to ensure the setups are correct, than a 2 hour training session review, and then work hand and hand with your staff on your real company reports.

Full Day Price: \$1,800 per day

Price includes:

½ Day Price: 5hrs @ \$1,250

(½ Day programs are only available within a 1 hour driving window from our Philadelphia or Fresno Office.)

### FRx "Advance Bootcamp" Program

Is your staff knowledgeable about the program but can not seem to get past the basic. Well this is the program you need. Our staff takes a long look at the reports that you are designing today and then we rip them up and make them do pushups until the ink wont stick to the paper. Your staff will learn how to get consolidating reports to line up side by side, Excel data to be imported on to any report, and most of all we work on cash flows.

If you need numbers than you need "FRx Advance Bootcamp"
