to Enhance Your Competitive Advantage

With faster reaction times, enhanced personalization, and seamless device compatibility, this update is a game-changer for both new and seasoned users. Key modules like finance, inventory, and CRM have also been upgraded, making it simpler to manage your business more effectively. At ACC Software Solutions, we're here to help you get the most out of Acumatica 2025 R1!

CONTINUED FROM PAGE 3...**A New, Modern User Interface: More Mobile-Friendly and Intuitive**

The new Modern UI is one of the major improvements in Acumatica 2025 R1, and we're quite thrilled about it. This new interface, which first debuted in 2023, is intended to be streamlined and straightforward to use. Acumatica's UI adapts automatically to the device you're using, whether it's a desktop, tablet, or smartphone, so you always have a seamless and effective experience.

**What to expect from the Modern UI:**

- ✓ **Speed & Aesthetics:** The new design is not only more aesthetically pleasing, but it is also faster! You'll benefit from faster reaction times, allowing you to finish jobs promptly.
- ✓ **Personalization:** Customize your workflows, forms, and dashboard to your company's needs. You'll have more authority than ever over the appearance and operation of things.
- ✓ **Mobile-Friendly:** The user interface is accessible to all devices, providing a consistent experience whether you're at the office or on the go.
- ✓ **Easy Customization:** Now that the platform has even more customization options, you can modify the system to suit your unique requirements without knowing how to write code.

WHY THE UPGRADE IS WORTH IT

Regardless of how long you've been using Acumatica or how new you are to the platform, the Acumatica 2025 R1 update is certainly worth looking into. The way your team uses the system will be greatly improved by the upgraded modern user interface, quicker performance, and simpler customization possibilities. You'll also find it easier to run your business successfully and efficiently thanks to improved features in key modules like finance, inventory, and CRM.

Sage Business Partner

Sage Acquires Anvyl to Strengthen Supply Chain Solutions

Sage has acquired Anvyl, a technology company focused on supply chain management, to enhance its software offerings. This acquisition allows Sage to provide small and mid-sized businesses (SMBs) with a complete, cost-effective supply chain execution solution. By integrating Anvyl's technology, Sage will offer better visibility and control over supply chains, from purchase orders to warehouse delivery. This will help businesses reduce costs, optimize operations, and improve customer service, all while benefiting from Anvyl's expertise and innovative solutions.

Key Benefits:

- ✓ Complete visibility across the entire supply chain
- ✓ Intelligent purchase order management
- ✓ Integration with Sage's platform for easier collaboration
- ✓ Cost-effective supply chain execution solution for SMBs
- ✓ Optimized operations and reduced costs
- ✓ Improved customer service and competitive edge

"Our acquisition of Anvyl reinforces Sage's commitment to offering comprehensive back-office solutions for SMBs, particularly in supply chain management. This move aligns with our strategy to expand beyond financials, providing a broader range of tools to help businesses thrive."
